

Summer School in Mathematics

for graduate and undergraduate students

Eötvös Loránd University, Budapest, Hungary, June 25–29, 2018

Introduction to Graph Limits

followed by the conference

Building Bridges II (László Lovász is 70)

Titles of minicourses:

Ágnes Backhausz: Limits of random graphs

Péter Csikvári: Statistical physics and graph limits

Péter Frenkel: Homomorphism numbers and graph convergence

Dávid Kunszenti-Kovács: From combinatorics to analysis

with further talks by Miklós Abért, László M. Lovász and Balázs Szegedy

Early registration deadline April 30, 2018
